

101 WAYS TO CLEAN WITH YOUR PRESSURE WASHER

- 1 Clean heavy construction equipment in the field.
- 2 Wash soot, smoke stains, and burned areas from buildings.
- 3 Clean heat ex-changers.
- 4 Cutting graffiti from walls.
- 5 Clean bridges.
- 6 Blast barnacles and other growth from boats and barges.
- 7 Clean oil booms, oil rigs, and oil well equipment.
- 8 Sandblast cement and concrete works.
- 9 Clean cooling towers for heating and air conditioning systems.
- 10 Aid in sanitation of facilities by applying disinfectants.
- 11 Remove oil and grease from vehicles and equipment.
- 12 Cut paint, grime and industrial pollution from walls.
- 13 Clean vehicles and construction equipment at the shop.
- 14 Clean parts for equipment maintenance.
- 15 Clean glass-lined equipment.
- 16 Clean kitchens and service areas.
- 17 Clean mud and dirt from service vehicles.
- 18 General cleaning of shop areas.
- 19 Prepare exteriors for painting.
- 20 Clean rocks and shores impacted by oil spills.
- 21 Cut oil from oil-spill equipment and containment materials.
- 22 Clean decks of boats and aircraft carriers.
- 23 Wash silk screens.
- 24 Clean equipment in remote areas provided there is a natural body of water.
- 25 Clean meat packing equipment.
- 26 Remove paint, rubber and other buildup from airport runways.
- 27 Clean tanks, floors, filters, mills, and sumps at aluminum plants.
- 28 Clean vats, pipes, floors, sewers and walls at breweries.
- 29 Clean tube bundles, tanks, process equipment and drains at cement plants
- 30 Clean coal cars, shuttle cars, trucks and heavy equipment at coal mines and coal recovery plants.
- 31 Expose aggregate at construction sites.
- 32 Prepare surfaces of buildings for restoration.
- 33 Clean vats, mixers, and ovens at food processing plants.
- 34 Clean boilers, coke ovens, exhaust fans, and castings at forging plants.
- 35 Use for descaling of hot-water coils.
- 36 Clean expansion joints, and culverts on highways.
- 37 Remove paint and decals from walls and signs.
- 38 Remove highway stripes.
- 39 Remove paint and other protective coatings from ship's hull.
- 40 Clean cargo holds marks.
- 41 Clean municipal sewers and culverts.
- 42 Use to decontaminate nuclear fuel capsules.
- 43 Clean tube exchangers and reactors at nuclear power plant.
- 44 Clean pipelines, drill pipes, and storage tanks at oil fields.
- 45 Remove paraffin at oil fields.
- 46 Remove old or oxidized paint.
- 47 Cut away rust.
- 48 General surface preparation and degreasing.
- 49 Clean chlorine cells, evaporators, mixers, drains, boiler tubes, and tube bundles at petrochemical plants.
- 50 Clean heavy and glass-lined equipment at plastics manufacturing plants.
- 51 Clean pre-heater tubes, condensers, chinkers, fly ash and boilers at power plants.
- 52 Descale turbine fans.
- 53 Clean screens, lines, felts, condensers, filters, cats, couch rolls, stock chests and suction rolls at pulp and paper mills.
- 54 Clean locomotives, and railroad cars.
- 55 Clean tanks, reactors, and lines at refineries.
- 56 Remove latex buildup.
- 57 Clean coke oven doors, checkers, chutes, stock bins, flues, hoppers, exhaust fans and boilers at steel mills.
- 58 Clean evaporators, fans, and heat exchangers at sugar refineries.
- 59 Remove loose paint, algae, and fungi from swimming pools.
- 60 Clean tanks, pipes, pumps, and plastics from vinyl plastic plants.
- 61 Clean interior of meat haulers.
- 62 Clean subway cars.
- 63 Wash fleets of trucks and school buses.
- 64 Detail cleaning of vehicles.
- 65 Clean mobile homes and RVs.
- 66 Clean outdoor and highway signage.
- 67 Clean playground equipment.
- 68 Clean and restore statues and landmarks.
- 69 Cleaning dairy tankers, barns and equipment.
- 70 Clean creameries.
- 71 Clean agricultural farrowing pens.
- 72 Clean livestock feeding slabs.
- 73 Disinfect and clean livestock.
- 74 Clean rental equipment.
- 75 Clean fruit packing equipment.
- 76 Clean potato processing equipment.
- 77 Wash carcasses at food processing plants.
- 78 De-ice and wash air- craft.
- 79 Clean industrial air filters.
- 80 Clean paint manufacturing batch tanks.
- 81 Clean street maintenance equipment.
- 8.2 Wash high-voltage insulators.
- 83 Clean and maintain parking lots and driveways.
- 84 Clean conveyor and assembly lines.
- 85 Clean garbage trucks and bins.
- 86 Clean mud and grease from farm vehicles and equipment.
- 87 Clean auto shop floors and equipment.
- 88 Clean hospitals.
- 89 Degrease and steam clean auto engines.
- 90 Clean cages and living areas at zoos and animal shelters.
- 91 Clean porta-potties.
- 92 Clean and strip masonry and stonewalls.
- 93 Clean windows and house exteriors.
- 94 Clean restaurants and food preparation areas.
- 95 Clean vats, equipment and facilities at wineries.
- 96 Clean poultry farms.
- 97 Clean new and used cars at car dealerships.
- 98 Clean air conditioners.
- 99 Mix chemicals.
- 100 Use in food sanitization.
- 101 Apply pesticides or other chemicals.
