DETERGENT DELIVERY SYSTEM

Industrial Cleaning Detergents pumped and Metered delivered to you & FREE DELIVERY!

By combining your delivery with other customers on preplanned routes, we have cut our freight costs to the bone and pass the savings to you!

NO MORE DRUMS!

Tap into the ETS pipeline! It's so simple and easy to use. We install a trouble-free polyethylene calibrated detergent dispenser tank, mounted on a heavy duty stand. We service and refill it. Solutions are automatically mixed as you turn on the tap.

HERE IS WHAT YOU GET WITH ETS CO. DETERGENT DELIVERY SYSTEM:

- SAVINGS
  - Save time, money, labor, injuries, and detergents!
- SAFETY
  - Avoid those costly drum accidents and chemical burns with our Automatic Metering System. No hand mixing required.
- MANAGEMENT CONTROL
  - Get in control of your cleaning operation. You control the inventory with our see-through polyethylene tanks that are available in various sizes to support your cleaning demand.
- REGULAR DELIVERIES
  - Say "Goodbye" to multiple order forms and annoying shipping delays. Here is a totally new idea for cleaning detergent users. Our trucks make regularly scheduled deliveries. We refill the container at your point of use.
- ALTERNATIVE TO DRUMS
  - Get rid of those bulky, awkward to handle drums. Stop worrying about over stocking, unknown-unlabeled products, and paying for empty drum disposal. End drum tipping and leaky pumps that splash valuable detergents down the drain.
- ENVIRONMENTALLY SAFE
  - We manufacture all our own special ETS compounds to adhere to strict environmental regulations. All of our Detergent Delivery system cleaning compounds are biodegradable.

CHOOSE FROM FIVE BIODEGRADABLE LIQUID DETERGENTS AT THE LOWEST COST PER GALLON!

- PHOTO FINISH™
  - BRUSHLESS VEHICLE DETERGENT
- SILVER MEDAL™
  - NON-ACID ALUMINUM BRIGHTENER
  - High Alkaline Detergent
- PHOTO FINISH™
  - MULTI-USE DETERGENT
  - MODERATELY ALKALINE
- INTERCEPT™
  - SPECIAL DETERGENT
  - for OILS & FLOOR CLEANING
- PHOTO FINISH™
  - HEAVY DUTY TRADITIONAL STEAM CLEANING DEGREASER

Our exclusive Blue Dot metered delivery and printed receipt guarantee accuracy.

Industries Served:

# CHEMICAL PRODUCTS PACKAGED

The ETS “Winning Team” of USDA-Biodegradable cleaning compounds is the result of OVER 30 years of experience servicing industrial cleaning equipment. They are a scientific blend of wetting agents, emulsifiers and cleaners. They are designed to make your equipment run free of scale and with fewer breakdowns. Look over our team and pick a winner for your cleaning needs.

## PHOTO FINISH™

**PHOTO FINISH** is a low alkaline, liquid detergent that gently loosens, lifts and suspends soils off of fine vehicle finishes. It rinses freely and is ideal for brushless road film removal. Use on fancy “big rig” trucks with polished aluminum wheels & fuel tanks, coach buses and automobiles. Cleans virtually everything in transportation, food processing, industrial, institutional and warehousing facilities.

| CPCB-580095 | Bulk Delivery | $3.96 |
| CPCP-580010 | 1 Gal. Jug | 10.78 |
| CPCP-580505 | 5 Gal. Pail | 44.20 |
| CPCP-580075 | 55 Gal. Drum | 356.80 |

## INTERCEPT™

**INTERCEPT** is a better and safer alternative for oily mess cleaning and degreasing. INTERCEPT makes oily and greasy soils completely and permanently mix with water. Use through automatic floor scrubbing equipment, high pressure washers, mop & bucket, or simply wipe. Patented ingredients excel to remove wheel grease, transmission fluid, oils, rubber tire marks, spot, printers ink, fats, silicone oils, and more. Additives attack counter organisms that cause odors.

| CPCB-390099 | Bulk Delivery | $3.63 |
| CPCP-300010 | 1 Gal. Jug | 9.10 |
| CPCP-300050 | 5 Gal. Pail | 34.40 |
| CPCP-300075 | 55 Gal. Drum | 287.30 |

## TACKLE™

**TACKLE** is a moderately alkaline liquid detergent with many uses. A great brushless commercial truck wash and building & siding cleaner! TACKLE cuts heavy caked-on grease found on motors and heavy equipment. It also cleans and brightens dull, oxidized aluminum surfaces. Cleans everything in transportation, industrial facilities and warehousing operations, and is biodegradable. (Do not use on polished aluminum surfaces.)

| CPCB-730099 | Bulk Delivery | $3.57 |
| CPCP-730010 | 1 Gal. Jug | 9.22 |
| CPCP-730050 | 5 Gal. Pail | 33.25 |
| CPCP-730075 | 55 Gal. Drum | 286.24 |

## POWER PLAY™

**POWER PLAY** is a high alkaline traditional steam cleaning liquid detergent. Use **POWER PLAY** on filthy soils and the heaviest grime. Use to clean caked-on wheel grease, oils, and tars found on truck underbodies, machinery, motors and heavy industrial equipment. It is strong enough to “prep” equipment for re-painting. Ideal for industrial plants, steel mills, construction equipment, and equipment rebuilding operations. (Do not use on polished aluminum.)

| CPCB-595099 | Bulk Delivery | $3.78 |
| CPCP-595010 | 1 Gal. Jug | 9.60 |
| CPCP-595050 | 5 Gal. Pail | 35.90 |
| CPCP-595075 | 55 Gal. Drum | 294.40 |

## SILVER MEDAL™

**SILVER MEDAL** is a liquid alkaline aluminum brightener that quickly removes oxidation and restores dull, oxidized aluminum surfaces. **SILVER MEDAL** does more! With its alkalinity and rinse ability, **SILVER MEDAL** cuts caked on wheel grease, cleans restaurant hoods and ducts and is a great brushless commercial truck & building wash. It is biodegradable and safer to use than dangerous acid based brighteners. (Do not use on polished aluminum.)

| CPCB-701299 | Bulk Delivery | $4.54 |
| CPCP-701210 | Gal. Jug | 14.40 |
| CPCP-701250 | 5 Gal. Pail | 46.70 |
| CPCP-701275 | 55 Gal. Drum | 396.20 |
