

Steam Cleaners

Steam Cleaning Technology – by Professionals for Professionals

MNOD-REVOLUTION

REVOLUTION PACKAGE

Portable Steam Cleaner & Vacuum. Guest houses, small hotels and restaurants, fast food outlets, butchers, nursing homes, leisure centers, gymnasias and swimming pools - in fact anywhere requiring efficient cleaning and sanitizing. The new Revolution is the answer to your cleaning problems. The Revolution combines all the inherent benefits of steam cleaning with the simultaneous use of a professional wet/dry vacuum cleaner, with optional chemical injection facility, leaving only dry sanitized surfaces behind.
