

# INDUSTRIAL CLEANING DETERGENT SPECIALISTS

## PRODUCT INFORMATION SHEET

# Slicer™

**CITRUS  
CLEANING  
DETERGENT**

**SLICER™** is a thickened orange citrus solvent. It contains a high concentration of emulsifiers in an organic citrus solvent base. Safer to use on most hard surfaces because it is non-caustic, contains no petroleum distills and is biodegradable. The grease cutting action quickly penetrates and dissolves the worst accumulations of thick, dried out grease and oils. Excellent on engines, fifth wheels, diesel smoke, oily stains on concrete or greasy soils where petroleum or chlorinated solvents would normally be required. Leaves a pleasant orange fragrance behind. Rinse stains and grease away with hot or cold water, steam or high pressure washers.

## DIRECTIONS

**Removing Soils:** Apply with spray, brush, or cloth. Allow to work 5-10 minute. If necessary, scrape softened accumulations. High pressure rinse from top to bottom. Use hot water to increase cleaning effectiveness.

**Dilute with water:**

**Heavy Soils..... Full Strength**  
**Moderate Soils... Dilute 5 to 1**  
**Light Soils..... Dilute 20 to 1**

DETAILED SPECIFICATIONS

Viscosity	Thin, free flowing liquid	Phosphate Content	None
Color	Orange	Stability	3 years
Odor	Citrus	Sudsing	Moderate
Specific Gravity	0.970 +/- .005 gm/ml	Hard Water Stability	Excellent
Biodegradability	Complete		

**SLICER™** is available in 1 gallon, 5 gallon and 55 gallon containers.

**CAUTION:**  
 Avoid Contact with skin and eyes. Do not take internally.  
**KEEP OUT OF THE REACH OF CHILDREN**  
 (See Material Safety Data Sheet)
