

TRAILERS & TANK SKID PARTS

T3000 TRAILER

- T30P0 ProTowWash Transport Trailer w/ 190 Gal Tank-Pro Line
- T30U0 ProTowWash Transport Trailer w/ 190 Gal Tank-Ultimate

Trailers and tank skids have factory plumbing and filtration to protect pump system and to ensure the pump is not starved.

Trailer includes factory installation: Connection of pressure washer, exhaust diverter. Ultimate trailers include 3-way valve system.

To reduce freight costs partial dealer assembly is required on T3000 & T4500 Series.

T4500 TRAILER

- T45P0 ProTowWash Transport Trailer w/ 380 Gal Tank-Pro Line (No Brake)
- T45U0 ProTowWash Transport Trailer w/ 380 Gal Tank-Ultimate (No Brake)
- T45P5 ProTowWash Transport Trailer w/ 380 Gal Tank-Pro Line (Electric Brake)
- T45U5 ProTowWash Transport Trailer w/ 380 Gal Tank-Ultimate (Electric Brake)

Pro Line Trailers are connected to pressure washers with pump bypass line routed back to the supply tank to keep pump from overheating.

T3500 TRAILER

- T3500 ProTowWash Transport Trailer w/ 300 Gal Tank (No Brakes)
- T3507 ProTowWash Transport Trailer w/ 300 Gal Tank (Surge Brakes)
